## Super Bowl Party

Host a Super Bowl party with a local church or Huddle from another school. The party could be preceded with a concert by a local band or musician. Show the game on a large screen in the church or school gym and film your own commercials to show in place of the ones shown on TV. Ask church members and/or local businesses to donate snack food to be served at the party. Canned goods could be collected as an admission charge to help feed the needy in your community. Invite a Christian football coach to be the half-time speaker.
