

A Royal Risk

There is a place where a person can go when life gets complicated — a place where he can feel completely at ease and safe from the big, bad world. It is a wonderful place where one feels at home not only physically, but also mentally and emotionally. Life is easy there. Life is good.

That place is called Comfort Zone. Yet, in spite of its welcoming title, it's often located at the address of 1000 Missed Blessings And Opportunities Dr., in the city of Half-Lived, Life.

Dayton Moore remembers his comfort zone.
