

Servant Leadership - Chapel

1 – Today’s competition will require a tremendous amount of leadership for us to be victorious. It will require a unique type of leadership.

2 – This kind of leadership is best described in Mark 10:42-45 (read the text aloud).

- This is not the usual kind of leadership – it’s not about power or position.
- To be a great leader – make those close to you better.
 - Communicate well
 - Lead your unit
- To be the best leaders – make your whole team better.
 - Even those who annoy you
 - Even those outside your responsibility
 - Even the coaches
- To be a Christ-like leader – sacrifice for the team’s greatest good.
 - Sacrifice playing time to further a younger player’s development
 - Play through pain
 - Submit to the game plan
 - Press through difficult situations
 - Free your teammates to become all they were created to be

3 – Lead strongly today

- Be great leaders
- Be the best leaders
- Be Christ-like leaders
