Hockey Chat: Since 1905 in playoff games between in the NHL, MLB, and NBA there have been well over 800 playoff series. Within those series, over 230 teams have taken a 3 games to none lead. Only twice in the NHL (less than 1%) has a team come from behind three games to win the series. That means the team that gets ahead has a better than 99% chance of winning the series.

Life Lesson: Getting a head lead in life is about finding God's purpose and guidance. When we spend time reading his word and fellowshiping with other brothers and sisters in Christ, we build ourselves up in faith and take a dominant lead over Satan's attacks. When we build our faith in God, we are in the best position of a triumphant life.
