

The Wright Man

What started as a lump in my throat eventually worked its way down into my stomach as I read the ESPN.com headline. Something to the effect of, “Wainwright injures pitching elbow.”

“This can’t be good,” I thought.

Just a few weeks earlier, I had interviewed the Cardinals ace for our April cover story, and, as soon as I read the news, I knew we were going to have to make some adjustments to the magazine, which was already mid-production. But that internal knot wasn’t just the result of professional nerves; it was also the product of personal compassion.
