Hockey Chat: There was a time where not much direct coaching seem to be given to the goalies. But as time went on they became more of a focus. In the early 1980's goalie camps started springing up all over. These days, goalies spend hours and days of intense training. They go over skills again and again. Life Lesson: This Old Testament verse was a statement of the importance of studying God's word that has never lost importance through the years. When you read and think about God's word, it impacts all areas of your life. Trials turn to triumphs because you understand how God is working in your life. Troubles are overcome because you are given the word on how to win your battles. I hope these verses are a blessing to you. Take time to think about the verse. Let His word give you the good life he offers you.
